Subject: Eltham Choral Society - E-Bulletin 20/7/18 (Thank You from Enid)

Dear colleague,

Rod has asked for the following message from Enid to be relayed……

> *To the Eltham Choir,*
>
> *Thank you so much for your lovely get well card. I was really touched to receive it. Things like this are what makes ECS a very special choir. I have been in many choirs over more than 50 years of singing, but never one whose members were so friendly and thoughtful.*
>
> *I am happy to report that I am feeling much better, and that a series of tests has not revealed any cause for my previous severe anemia. My doctors have now authorized me to leave tomorrow on a long-planned trip on the Queen Mary 2, followed by a long holiday in America.*
>
> *The doctors believe that my anemia may have been caused by my taking Naproxen for back pain, and I have now been banned from taking it any more. If you take Naproxen or ibuprofen, please watch the dosage, and be very careful!*
>
> *I look forward to returning to ECS in September.*
>
> *Have a good summer!*
>
> *Enid Rubenstein xx*

Term starts on Thursday, 6th September when we start on Rutter's Requiem followed by well-loved choruses from Part I of Messiah, extracts from Bach's Christmas Oratorio, and carols..

See you then, best wishes

John King
Eltham Choral Society
